D.O.No. 51/8/3/2011-EMS / 760
Dated: 18th February, 2011

Subject: **Online data entry of EVMs**- regarding.

Sir,

The Commission had issued a detailed instruction vide No. 51/8/3/2010-EMS dated 27th September 2010 for online data entry of EVMs available in the districts/Tehsil level warehouse of your State. The work was to be completed by 15th October 2010.

From the software generated report, it is notice that only 78.91% of data entry of EVMs available in your State, as per Commission's record, has been done so far.

The Commission has taken exception to the slow pace of data entry work as reflected in the report and has desired that the work requires to be speeded up.

May I, therefore, request you to accelerate this work on top priority basis and get the work completed by 28th February 2011.

Sincerely yours

(ALOK SHUKLA)

A software for tracking movement of EVMs is being prepared by Election Commission of India. As a preliminary to the development of this software, it is necessary to compile data of all EVMs on a central server. An online EVM data application has been prepared for this purpose. This application and its user manual can be downloaded from www.eci.nic.in website where on the left hand side panel "Election Commission Officer's Page" option have to be clicked (left mouse button). A log in page appears you need to type Genesis user name and password provided to you. Or you can directly go to the URL <http://164.100.34.4/login>. After downloading, the application can be installed on computers in the offices of District Election Officers and Chief Electoral Officers. Data on entry of master stock registers of EVMs will then be done using this application. Please ensure that work of data entry is completed latest by 15th October, 2010.

Yours faithfully,
